(b) whether the Ministry of Finance Failed to set up a blanking line and had to import coin blanks at a cost of Rs. 38.40 crores;

(c) whether the capacity of the mint is grossly underutilised and if so, to what extent; and

(d) what are the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI BALASAHEB VIKHE PATIL): (a) Yes, Sir.

(b) The India Government Mint (IGM) at Noida was set up with the objective to have only coining facilities in the first phase. After setting up of IGM, Noida, the Cabinet approved modernisation plan for the other three IGMs at Mumbai, Kolkata and Hyderabad which envisaged that these three IGMs will also meet the requirement of coin blanks of IGM, Noida. Accordingly, the IGM, Noida was not provided with any blanking line. However, there has been a steep increase in the demand for coins during the recent years causing a wide gap between the demand for coin blanks and the capacity of the IGMs and other domestic manufacturers to supply. This has led the Governmet to resort to import of coin blanks to bridge the gap between demand and supply.

(c) No, Sir.

(d) Does not arise.
